PONDSLUDGE PROCESSING DESIGN CREITERIA - EML-200-92

We are transmitting herewith three copies of the response we have received from Halliburton NUS to the HQ EM-453 comments on the Pondsludge Processing Design Criteria for Ponds 207 A&B and Clarifier. Please note that the complete response consists of a letter (with attachment) dated December 8, 1992 from Brown and Root, Inc. to Halliburton NUS and a letter from Halliburton HNUS to EG&G. The Brown and Root submittal addresses all questions except 11 and 16, while the Halliburton letter completes the response.

If you have any questions or need additional clarification, please contact J. A. Ledford on 966-8673.
